### IS YOUR NAME IN THE LIST BELOW?

If it is, you are invited to the next News-Times Birthday Party. Trips to all theaters and refreshments will be on the program.

The News-Times birthday party is open to all school children of South Bend and Mishawaka in both the public and private schools, regardless of whether their parents are subscribers or not. Co-operating with The News-Times in giving the children these series of treats are the Orpheum, Majestic, Colonial, LaSalle and Surprise theaters and The American Drug Co.

Hundreds of children have been made happy since we inaugurated this little plan and hundreds will be made happy in the future. The entertainment is absolutely free of cost or obligation. The child's name is published in The News-Times on the date of his birthday. On the Saturday following such publication the child comes to the circulation department of the paper and is given a coupon ticket which entitles him to admission to the Orpheum, LaSalle, Colonial, Surprise and Majestic theaters and a treat at the fount of the American Drug Co. Children living 10 or more blocks from the office are given a car ticket home.

Besides publishing each day the names of children whose birthdays occur on that date, we publish at least five names of children whose birthdays occur later. These names are taken at random and we advise a careful watch of the daily announcements, as the "lucky ones" will receive two treats instead of one.

## "Everywhere I go my friends serve 'Hoosier Cream'"

Arthur Brisbane says:

"I believe that beer has done an immense amount of good to the human race if only because it has made leisurely eating a pleasure. The man who has his beer with his evening meal, it is temperate is far better off than the total abstainer."

"If I look into their ice-boxes I find a row of shining bottles; when I make an afternoon call, they welcome me with appetizing sandwiches and 'Hoosier Cream'. If I am invited out to dinner I am quite apt to find this popular beer served with the meal. Many of my friends consider that their day is not happily completed until after a late supper, a steaming rarebit, or a cheese and cracker luncheon, and a bottle of their favorite brew.

The experience of this one woman simply shows the ever-growing popularity of
